Thanks Brad. Can you please confirm that you will be advising the Ottawa Fire Protection Services and Ottawa Paramedic Services of the barrier installation at the Riverside Dr. entrance.

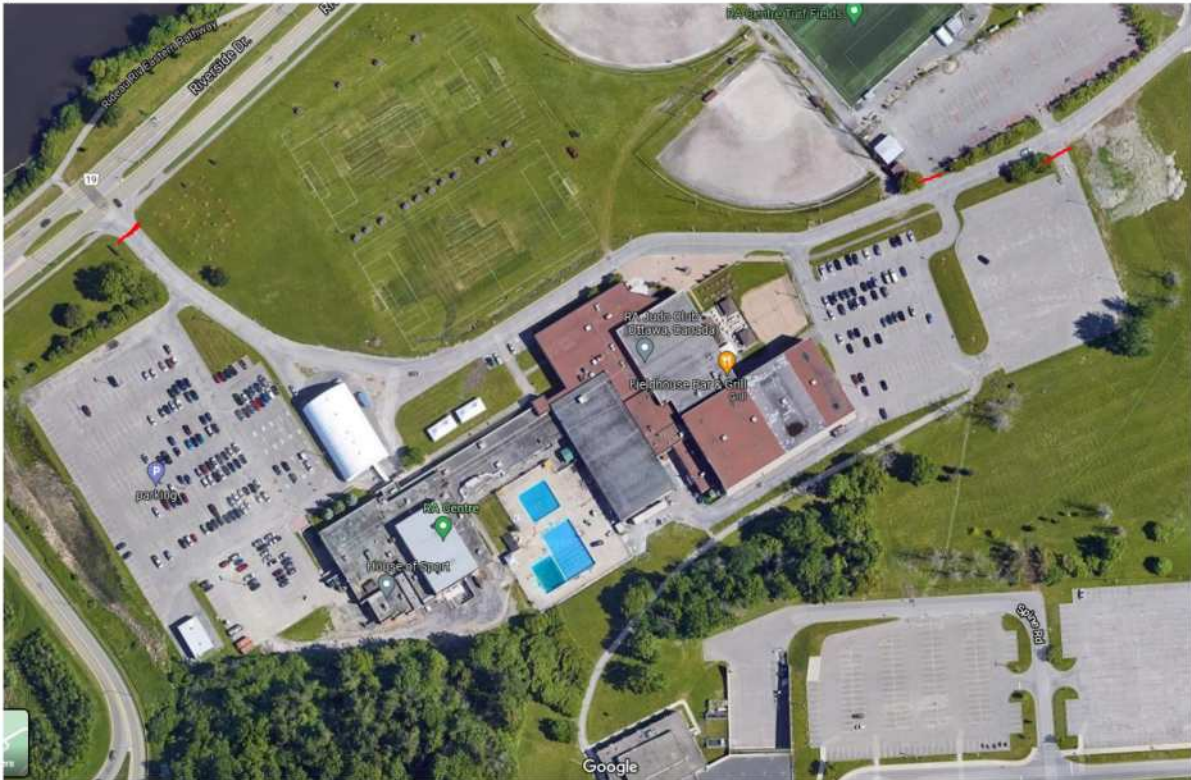

~

Marc, as discussed please have the Jersey Barriers (JBs) installed at the locations (Red lines) noted on the drawing below. Please note that two JBs maybe required at the RA entrance at Riverside Dr. Installation date/time - Feb 11th AM. The RA site contact is Bruce Nichols 613-851-3976. The RA will take care of installing traffic barrels or high visibility markers to ID the JBs.

~

Thank you

~

Hi Brad – nice to meet you. Thanks so much for helping us out. We believe we can get away with 3-4 jersey barriers.
We would be able to start putting them in place as early as tomorrow morning if you have the cycles? Our fear is waiting too long and some trucks start arriving tomorrow afternoon and decide to stay.

Thanks,
Brad

\\~
Wonderful Tosha. Happy you've come up with something that could be put in motion.

My Senior Director, Brad Paradis (copied here) who will assist in having the barriers put in place with his team will connect with your Brad.

Reach out at anytime if I could be of further assistance but I trust our Brads will get this taken care of.

Thanks!

Linda

Hi again Linda,
\\~

I believe we have a plan. Is there someone at your end that Brad Kinnaird, our head of facilities could speak directly with concerning the logistics and timing? He is copied on this email. Once we have the timing confirmed we will finalize with Ottawa fire dispatch. They have preliminarily approved the plan. Brad's cell phone is 613-447-3695

\\~
Thank-you once again

Importance: High

Hi Tosha,

It was lovely chatting with you earlier. As discussed, I'll wait for you to follow-up with me on points of entry that you may be able to block off to limit entry points to the RA Centre while still allowing for emergency paths. We will be happy to facilitate dropping off and installing jersey barriers at those points to at least minimize access to the grounds.

Look forward to hearing from you and happy to help where we can.

Linda

Good Afternoon Jean-Francois,

\~

I am writing to alert you to a situation that has just been brought to our attention. A couple of hours ago, we were advised through a couple of media outlets that Randy Hillier and a few other organizers were encouraging people to utilize the RA parking lots for the purposes of a staging area in support of the trucker convoy. The organizers have named both the Canadian Tire Centre and the RA to be used for this purpose. The staging areas are being used to prepare for a protest event scheduled for Sunday February 13th at 9:15am. At this time, we do not know when people / cars / trucks would be arriving on this site. Needless to say, we are out of our depth with the complexity and risk with this one and would welcome your thoughts / suggestions on how best to prepare. Given the ongoing issues in the core of the city, we have been unable to source a security firm with the staff to manage our site at this time. Our primary concern is of course people – members and our staff, but also of the capital assets, let alone the proximity to other federal buildings such as CRA. In an abundance of caution, we will be closing our operation and clearing the site at end of business on Friday night with the hope to resume operation on Monday the 14th.

\~

We have alerted the Command Centre of the OPS and have yet to hear back. Through our corporate counsel, we have had a Cease and Desist order sent to Hillier and other organizers. In consultation with the Fire Services, we are unable to leave barriers at the entrance of the parking lots and we are not willing to place our staff in harm's way.

\~

Do you have any resources as federal landlord that might assist us with the safety and security of the RA site? I can be reached via email or cell at 613-913-2593.

\~

Your timely attention to this matter would be greatly appreciated,

Tosha
